RAPTOR RESEARCH NEWS

Volume 4

Number 5

September–October 1970

Editors: Byron E. Harrell: Donald V. Hunter, Jr.

The *Raptor Research News* is designed as an informal information exchange. Contributions are edited, but are not usually submitted for refereeing as in formal scientific journals of record. Some of the items are progress reports or expressions of ideas to stimulate discussion; thus citations of contents of the *News* should be avoided unless approval is received from the author.
