CONTENTS FOR VOLUME 34, 2000

NUMBER 1

FIRST-YEAR MOVEMENTS BY JUVENILE MEXICAN SPOTTED OWLS IN THE CANYONLANDS OF UTAH. David W. Willey and Charles van Riper III ................................................................. 1

DISTRIBUTION, POPULATION SIZE AND HABITAT USE OF THE RÉUNION MARSH HARRIER, CIRCUS M. MAILLARDI. Vincent Bretagnolle, Thomas Ghestemme, Jean-Marc Thiollay and Carole Attié .............................................................................................................................. 8

NEST-SITE SELECTION AND REPRODUCTIVE SUCCESS OF URBAN RED-SHOULDERED HAWKS IN CENTRAL CALIFORNIA. Stephen C. Rottenborn ............................................................ 18

HABITAT USE BY RED-TAILED HAWKS WINTERING IN THE DELTA REGION OF ARKANSAS. Heath D. Garner and James C. Bednarz ................................................................................ 26

AN EVALUATION OF THE ANDEAN CONDOR POPULATION IN NORTHERN ECUADOR. Marcus T. Koenen, Sarah Gale Koenen and Norma Yanez .......................................................... 33

SHORT COMMUNICATIONS

DIET OF AUTUMN MIGRATING NORTHERN SAW-WHET OWLS ON THE EASTERN SHORE OF VIRGINIA. David M. Whalen, Bryan D. Watts and David W. Johnston ............................................. 42

BREEDING BIOLOGY OF THE EURASIAN KESTREL IN THE STEPPES OF SOUTHWESTERN SPAIN. J.M. Avilés, J.M. Sánchez and A. Sánchez ............................................................... 45

BREEDING DENSITIES AND HABITAT ATTRIBUTES OF GOLDEN EAGLES IN SOUTHEASTERN SPAIN. Martina Carrete, José Antonio Sánchez-Zapata and José Francisco Calvo ........................................... 48

TRAPPING ESTIMATES FOR SAKER AND PEREGRINE FALCONS USED FOR FALCONRY IN THE UNITED ARAB EMIRATES. Nigel W.H. Barton ................................................................. 53

FIRST CONFIRMED BREEDING RECORDS AND OTHER INCIDENTAL SIGHTINGS OF NORTHERN HARRIERS IN LABRADOR. Tony E. Chubbs, Bruce Mactavish, Keith Oram and Perry G. Trimper ................. 56

LETTERS ............................................................................................................................ 58

COMMENTARY .................................................................................................................... 62

NUMBER 2

LANDSCAPE CHARACTERISTICS OF NORTHERN SPOTTED OWL NEST SITES IN MANAGED FORESTS OF NORTHWESTERN CALIFORNIA. Lee B. Folliard, Kerry P. Reese and Lowell V. Diller .... 75

IDENTIFICATION OF INDIVIDUAL BARRED OWLS USING SPECTROGRAM ANALYSIS AND AUDITORY CUES. Pamela L. Freeman ................................................................. 85

HOME RANGE AND HABITAT USE BY THE LONG-EARED OWL IN NORTHWESTERN SWITZERLAND. Fabienne Henrioux ................................................................................... 93

HABITAT SELECTION BY TAWNY FISH-OWLS (KETUPA FLAVIPES) IN TAIWAN. Yuan-Hsun Sun, Ying Wang and Ching-Feng Lee ............................................................................. 102

A REVIEW OF THE TROPHIC ECOLOGY OF THE BARN OWL IN ARGENTINA. M. Isabel Bellocq .... 108

NESTING BIOLOGY AND BEHAVIOR OF THE MADAGASCAR HARRIER-HAWK (POLYBOROIDES RADIATUS) IN NORTHEASTERN MADAGASCAR. Russell Thorstrom and Guiseppe La Marca ...... 120

PROBABLE EFFECT OF DELISTING OF THE PEREGRINE FALCON ON AVAILABILITY OF URBAN NEST SITES. Mark S. Martell, Jennifer L. McNicoll and Patrick T. Redig .................................. 126

HANDICAPPED AMERICAN KESTRELS: NEEDY OR PRUDENT FORAGERS? Gillian L. Murza, Gary R. Bortolotti and Russell D. Dawson ........................................................................ 137

MIGRATORY MOVEMENTS OF THE WHITE-THROATED HAWK (BUTEO ALBIGULA) IN CHILE. Eduardo F. Pavez .................................................................................. 143

SHORT COMMUNICATIONS
FIRST NESTING RECORD OF THE NEST OF A SLATY-BACKED FOREST-FALCON (MERCASTURI MIRANDOLLERI) IN YASUNI NATIONAL PARK, ECUADORIAN AMAZON. Tjitte de Vries and Cristian Melo ......................... 148

LETTERS ............................................................................................................................ 151

BOOK REVIEWS. Edited by Jeffrey S. Marks ............................................................................. 153

DIFFERENTIAL WINTER DISTRIBUTION OF ROUGH-LEGGED HAWKS (BUTEOS LAGOPUS) BY SEX IN WESTERN NORTH AMERICA. Chad V. Olson and David P. Arsenault ................. 157

AVAILABILITY AND INGESTION OF LEAD SHOT SHELL PELLETS BY MIGRANT BALD EAGLES IN SASKATCHEWAN. Michael J.R. Miller, Mark E. Wayland, Elston H. Dzus, and Gary R. Bortolotti ..... 167

STAND STRUCTURES USED BY NORTHERN SPOTTED OWLS IN MANAGED FORESTS. Larry L. Irwin, Dennis E. Rock, and Gregory P. Miller .......................................................... 175

POPULATION FLUCTUATIONS OF THE HARRIS' HAWK (PARABUTEO UNICINCTUS) AND ITS REAPPEARANCE IN CALIFORNIA. Michael A. Patten and Richard A. Erickson ...................... 187

THE FOOD HABITS OF SYMPATRIC FOREST-FALCONS DURING THE BREEDING SEASON IN NORTHEASTERN GUATEMALA. Russell Thorstrom ............................................................................ 196
A COMPARISON OF RAPTOR DENSITIES AND HABITAT USE IN KANSAS CROPLAND AND RANGELAND ECOSYSTEMS. Christopher K. Williams, Roger D. Applegate, R. Scott Lutz, and Donald H. Rusch ................................................................. 203

A REVIEW AND CHECKLIST OF THE PARASITIC MITES (ACARINA) OF THE FALCONIFORMES AND STRIGIFORMES. James R. Philips ............................................................................................................. 210

SHORT COMMUNICATIONS

DIURNAL VOCAL ACTIVITY OF YOUNG EAGLE OWLS AND ITS IMPLICATIONS IN DETECTING OCCUPIED NESTS. Vincenzo Penteriani, Max Gallardo, and Hélène Cazassus ................................................................. 232

FOOD HABITS OF THE STRIPED OWL (ASIO CLAMATOR) IN BUENOS AIRES PROVINCE, ARGENTINA. Juan P. Isaacch, María S. Bó, and Mariano M. Martínez ................................................................. 235

DIET OF BREEDING CINEREOUS HARRIERS (CIRCUS CINEREUS) IN SOUTHEASTERN BUENOS AIRES PROVINCE, ARGENTINA. María S. Bó, Sandra M. Cicchino, and Mariano M. Martínez ................................................................. 237

ABUNDANCE OF THE OGASAWARA BUZZARD ON CHICHIJIMA, THE PACIFIC OCEAN. Tadashi Suzuki and Yuka Kato ................................................................................................................................................ 241

LETTERS .................................................................................................................................................... 244

BOOK REVIEW. Edited by Jeffrey S. Marks ............................................................................ 247

A PARTIAL POST-JUVENILE MOLT AND TRANSITIONAL PLUMAGE IN THE SHIKRA (ACIPITER BADIUS) AND GREY FROG HAWK (ACIPITER SOLENSIS). Marc Herremans and Michel Louette ................................................................. 249

TURNOVER AND DISPERSAL OF PRAIRIE FALCONS IN SOUTHWESTERN IDAHO. Robert N. Lehman, Karen Steenhof, Leslie B. Carpenter, and Michael N. Kochert ......................................................... 262

ROOST SITES OF RADIO-MARKED MEXICAN SPOTTED OWLS IN ARIZONA AND NEW MEXICO: SOURCES OF VARIABILITY AND DESCRIPTIVE CHARACTERISTICS. Joseph L. Ganev, William M. Block, and Rudy M. King ........................................................................................................ 270

BARRED OWL AND SPOTTED OWL POPULATIONS AND HABITAT IN THE CENTRAL CASCADE RANGE OF WASHINGTON. Dale R. Herter and Lorin L. Hicks ................................................................................... 279

FOOD HABITS OF BALD EAGLES WINTERING IN NORTHERN ARIZONA. Teryl G. Grubb and Roy G. Lopez .................................................................................................................................................. 287

NEST FEATURES AND NEST-TREE CHARACTERISTICS OF SHORT-TOED EAGLES (CIRCAETUS GALLICUS) IN THE DADIA-LEFKI-THE SOULI FOREST, NORTHEASTERN GREECE. Dimitris E. Bakaloudis, Christos G. Vlachos, and Graham J. Holloway ........................................................................................................ 293

ARE NORTHERN SAW-WHET OWLS NOMADIC? Jeffrey S. Marks and John H. Doremus .................................................................................................................................................. 299

RELATIONSHIP BETWEEN RAPTORS AND RABBITS IN THE DIET OF EAGLE OWLS IN SOUTHWESTERN EUROPE: COMPETITION REMOVAL OR FOOD STRESS? David Serrano ................................................................. 305
AN EVALUATION OF METHYL ANTHRANILATE, AMINOACETOPHENONE, AND UNFAMILIAR COLORATION AS FEEDING REPPELLENTS TO AMERICAN KESTRELS. Michael K. Nicholls, Oliver P. Love, and David M. Bird .......................................................... 311

SHORT COMMUNICATIONS

RESPONSIVENESS OF NESTING EURASIAN KESTRELS FALCO TINNUNCULUS TO CALL PLAYBACKS. Luca Salvati, Alberto Manganaro, and Simone Fattorini ................................................................. 319

THE BREEDING SUCCESS OF TAWNY OWLS (STRIX ALUOC) IN A MEDITERRANEAN AREA: A LONG-TERM STUDY IN URBAN ROME. Lamberto Ranazzi, Alberto Manganaro, and Luca Salvati ........................................... 322

NOCTURNAL ACTIVITY OF LESSER KESTRELS UNDER ARTIFICIAL LIGHTING CONDITIONS IN SEVILLE, SPAIN. Juan José Negro, Javier Bustamante, Ciro Melguizo, José Luis Ruis, and Juan Manuel Grande ....... 327

NEST-SITE CHARACTERISTICS OF CRESTED CARACARAS IN LA PAMPA, ARGENTINA. Michael I. Goldstein ...... 330

DIET OF THE BARN OWL (TYTO ALBA TUDARA) IN NORTHWESTERN ARGENTINE PATAGONIA. Maria S. Pillado and Ana Trejo .................................................................................................................. 334

LETTERS ........................................................................................................................................ 339

BOOK REVIEW. Edited by Jeffrey S. Marks................................................................................ 342
Buteo Books stocks all published species accounts, not only those covering raptors. The current list in taxonomic order may be viewed at: http://www.buteobooks.com

Buteo Books stocks the Handbook of the Birds of the World. The first five volumes of this projected 12-volume work have been published including: Volume 2: New World Vultures to Guineafowl (1994) covering the diurnal raptors and Volume 5: Barn Owls to Hummingbirds (1999) covering owls. These volumes are priced at $185 each plus shipping and handling.

A Telemetry Receiver Designed with The Researcher in Mind

What you've been waiting for!

Finally, a highly sensitive 999 channel synthesized telemetry receiver that weighs less than 13 ounces, is completely user programmable and offers variable scan rates over all frequencies. For each animal being tracked, the large LCD display provides not only the frequency (to 100Hz) and channel number, but also a 7 character alphanumeric comment field and a digital signal strength meter. Stop carrying receivers that are the size of a lunch box or cost over $1500. The features and performance of the new R-1000 pocket sized telemetry receiver will impress you, and the price will convince you.

Other Features Include:
- Factory tuned to any 4MHz wide segment in the 148-174MHz Band
- Very high sensitivity of -148dBm to -150dBm
- Illuminated display and keypad for use in low light or darkness
- User selectable scan rates from 1-30 seconds in 1 second steps
- Rechargeable batteries operate the receiver for 12 hours and can be replaced with standard AA Alkaline batteries in the field. Both 12vdc and 110vac chargers are included.

- 6.1" (15.5cm) high,
  2.6" (6.6cm) wide,
  1.5" (3.8cm) deep.
- 3 year warranty
- 1 day delivery

$695.00
Please specify desired 4MHz wide segment in the 148-174MHz band

Visit our website for complete specifications, operating manual and information on the R-1000 or call our toll-free number to order your receiver now.

Try the New R-1000 and You'll Be Impressed!

More than just

Video Cameras

Solar cells

Parabolic mics

The auto-color camera includes IR and color cameras with an automatic light-sensitive switching device.

Systems from Sandpiper Technologies

- ELEVATED: Pole-mounted video cameras extend up to 50 feet.
- BURROW VIDEO PROBES: 5/16" dia. fiber-optic sensors, 1" and 2.3" dia. goosenecks, and remote control systems. All systems include head mounted video display and are interchangeable with other probe extensions.
- SURVEILLANCE: Time-lapse, color, IR, digital, zoom, combination IR and color, nestbox cameras.
  Note: Our ultra-lowlight camera is 0.00015 LUX and captures images in shadow or moonlit situations.
- VOCALIZERS: MP3 format reduces battery requirements.
- SOLAR: We offer multiple solar options and remote powered energy devices.

The Raptor Research Foundation, Inc. 2001 annual meeting will be held on 25-30 October in Winnipeg, Manitoba, Canada. For information about the meeting contact Jim Duncan, Biodiversity program, Wildlife Branch, Manitoba Natural Resources, Box 24, 200 Saulteaux Crescent, Winnipeg, MB R3J 3W3 Canada. Email jduncan@nr.gov.mb.ca.

Persons interested in predatory birds are invited to join The Raptor Research Foundation, Inc. Send requests for information concerning membership, subscriptions, special publications, or change of address to OSNA, P.O. Box 1897, Lawrence, KS 66044-8897, U.S.A.

The Journal of Raptor Research (ISSN 0892-1016) is published quarterly and available to individuals for $33.00 per year and to libraries and institutions for $50.00 per year from The Raptor Research Foundation, Inc., 14377 117th Street South, Hastings, Minnesota 55033, U.S.A. (Add $5 for destinations outside of the continental United States.) Periodicals postage paid at Hastings, Minnesota, and additional mailing offices. POSTMASTER: Send address changes to The Journal of Raptor Research, OSNA, P.O. Box 1897, Lawrence, KS 66044-8897, U.S.A.

RAPTOR RESEARCH FOUNDATION, INC., AWARDS

Recognition for Significant Contributions

The Dean Amadon Award recognizes an individual who has made significant contributions in the field of systematics or distribution of raptors. Contact: Dr. Clayton White, 161 WIDB, Department of Zoology, Brigham Young University, Provo, UT 84602 U.S.A. Deadline August 15.

The Tom Cade Award recognizes an individual who has made significant advances in the area of captive propagation and reintroduction of raptors. Contact: Dr. Brian Walton, Predatory Bird Research Group, Lower Quarry, University of California, Santa Cruz, CA 95064 U.S.A. Deadline: August 15.

The Fran and Frederick Hamerstrom Award recognizes an individual who has contributed significantly to the understanding of raptor ecology and natural history. Contact: Dr. David E. Andersen, Department of Fisheries and Wildlife, 200 Hodson Hall, 1980 Folwell Avenue, University of Minnesota, St. Paul, MN 55108 U.S.A. Deadline: August 15.

Recognition and Travel Assistance

The James R. Koplin Travel Award is given to a student who is the senior author of the paper to be presented at the meeting for which travel funds are requested. Contact: Patricia A. Hall, 5937 E. Abbey Road, Flagstaff, AZ 86004 U.S.A.

The William C. Andersen Memorial Award is given to the student who presents the best paper at the annual Raptor Research Foundation Meeting. Contact: Ms. Laurie Goodrich, Hawk Mountain Sanctuary, Rural Route 2, Box 191, Kempton, PA 19529-9449 U.S.A. Deadline: Deadline established for meeting paper abstracts.

Grants

The Stephen R. Tully Memorial Grant for $500 is given to support research, management and conservation of raptors, especially to students and amateurs with limited access to alternative funding. Contact: Dr. Kimberly Titus, Alaska Division of Wildlife Conservation, P.O. Box 20, Douglas, AK 99824 U.S.A. Deadline: September 10.

The Leslie Brown Memorial Grant for $500-$1,000 is given to support research and/or the dissemination of information on raptors, especially to individuals carrying out work in Africa. Contact: Dr. Jeffrey L. Lincer, 1220 Rosecrans St. #315, San Diego, CA 92106 U.S.A. Deadline: September 15.

1 Nominations should include: (1) the name, title and address of both nominee and nominator, (2) the names of three persons qualified to evaluate the nominee’s scientific contribution, (3) a brief (one page) summary of the scientific contribution of the nominee.

2 Send 5 copies of a proposal (≤5 pages) describing the applicant’s background, study goals and methods, anticipated budget, and other funding.
CONTENTS

A PARTIAL POST-JUVENILE MOLT AND TRANSITIONAL PLUMAGE IN THE SHIKRA (*ACIPITER BADUS*) AND GREY FROG HAWK (*ACIPITER SOLOENSISS*). Marc Herremans and Michel Louette .................................................. 249
