Going Places

Following is a partial listing of nature and birding trips and tours scheduled for the months of September-December, 1973. It has been compiled from information supplied by tour sponsors and *American Birds* is not accountable for any subsequent alterations in plans or prices. Because of the recent uncertainties of foreign exchange rates many tour sponsors are not quoting exact prices months in advance. Prices are the base prices quoted: there are usually additional expenses. Tour sponsors are listed by key initials; full names and addresses, to which all inquiries should be addressed, will be found at the end of the listings.
