AMERICAN BIRDS is published six times a year. Editorial and business offices are located at 950 Third Avenue, New York, N.Y. 10022. Subscription: \$8.00 a year for the U.S.A., \$8.50 Canada, \$9.00 foreign. Single copies: Christmas Bird Count (April), \$4.50 per copy; Fall Migration (February), Winter Season and Winter Bird Population Study (June), Spring Migration (August), Nesting Season (October) and the Breeding Bird Census (December), \$1.50 per copy. Checks and money orders should be made payable to AMERICAN BIRDS. Second class postage paid at New York, N.Y. and additional Post Offices. Copyright© 1975 by the National Audubon Society, Inc. *Postmaster: if undeliverable, please notify American Birds on Form 3579 at 950 Third Avenue, New York, N.Y. 10022.*

INFORMATION FOR AUTHORS

AMERICAN BIRDS welcomes the submission of articles and photographs for publication.

Our major areas of interest are the changing distribution, population, migration, and rare occurrence of the avifauna of North America, including Middle America and the West Indies. We solicit articles on problems in field identification, in our "Site Guide" series of birding locales, in our "Centers of Learning" series that profiles institutions concerned with ornithology, photo essays of unusual interest, or single photographs illustrating identification features, rare occurrence, unusual locale or habitat.

For a "Work in Progress" column, we welcome notices of research projects seeking field reports or other collaboration; we publish advance notices of important conventions, meetings, symposia, seminars, and conferences or other ornithological news. We are looking for more articles on the techniques of birding, bird photography or sound-recording, on the order of "On the Art of Estimating Numbers," (AB 26: 706-12).

All submissions will be carefully considered, but authors considering major submissions should correspond with the editor first. AMERICAN BIRDS publishes papers of a technical nature but only when written in a less-than-technical, easily readable style: i.e., no complicated equations, lengthy tables, or complex graphs. Major articles should be limited to 3000 words; exceptions may be agreed upon after consultation. Prospective authors should consult the index of articles in this issue and recent issues for an understanding of our interests. All material submitted should be original, and previously unpublished. Manuscripts should follow accepted rules of format and style, be typewritten, double-spaced, on white paper, with generous margins. Photographs should be glossy black-and-white or color prints, clearly marked with author's name and address. We require the original typescript and one carbon copy. All manuscripts will be acknowledged, but authors must recognise that a backlog exists which may entail delayed publication after acceptance.

For further information address the editor at the American Birds offices, 950 Third Avenue, New York, N.Y. 10022

1976 TOURS

INDIA & CEYLON . . . PANAMA . . .
 BELIZE, GUATEMALA & COSTA RICA
 COLOMBIA . . . CALIFORNIA . . .
 TEXAS . . . FLORIDA . . . MINNESOTA
 . . . WASHINGTON . . . NEW GUINEA
 . . . ETHIOPIA . . . ZAMBIA . . . OUR
 TOUR OF THE YEAR WILL VISIT PERU.

Our tour leaders include such outstanding birders as Ben King, Ted Parker, Dan Gibson, Terry Hall, John Edscorn, Terry Wahl, Steve West, Bob Janssen, Dora Weyer, Steve Hilty, Rich Stallcup and Jim Tucker.

Birders with experience who have taken other tours praise BIRD BONANZAS' tours as the best:

"I've been on several organized tours in the past and yours far and away surpassed the others for showing the birds and showing them well. Virtually all the birds were seen by all the group and really seen to one's satisfaction for good lifelist identification. The leadership was superb and the group was most congenial and eager."

Dr. Robert Pittell,
 Ft. Lauderdale, Fla.

"I took a fair number of birding tours with other agencies before I took my first BIRD BONANZAS tour in January, 1974. Since then I have taken five BIRD BONANZAS tours. They consistently find more birds than the others, and I recommend them to enthusiastic birders."

Norman Chesterfield
 Wheatley, Ontario

If you have an enthusiastic interest in birds, there is no better way to see them than on a BIRD BONANZAS tour.

Bird Bonanzas TOUR OF THE YEAR 1976

PERU

June 4 — July 2, 1976

Will this be the most fantastic birding tour ever? Tour leader Ted Parker thinks it will. Ted feels that 700 species are possible on this tour, including a great number of spectacular and exotic species, some only recently discovered and known by only a couple specimens.

This will not be the ordinary nature tour to Peru, but a unique adventure designed for avid birders who want to see as much as possible when they take a birding trip. We will visit every conceivable habitat from Amazonian rainforest to tundra high in the Andes, from arid desert to open ocean. The group will be limited to a small number of participants, so that each person will have the opportunity to see all the birds.

It is a known fact, even conceded by many of our rival agencies, that BIRD BONANZAS' Tour of the Year has been the finest ornithological tour each year. If you've missed the others, you have no idea how spectacular a birding tour can be. Would you like to know more about it?
