

Going Places

FOLLOWING IS a partial listing of bird-oriented and natural history tours scheduled for March through September, 1981. *American Birds* has compiled the listing from information supplied by tour sponsors and is not responsible for cancellations or alterations. Since dollar values and air fares are subject to change, fees quoted and air fares are approximate.

In addition to the tours listed, most sponsors offer trips omitted here because of space limitations.

Tour sponsors are indicated by key initials at the end of each entry; full addresses will be found at the close of this listing. All inquiries should be addressed to the sponsors and not to *American Birds*.

T.B.A.—To Be Announced.

BIRDS OF ARCTIC ALASKA

A superlative in North American wilderness bird tours!

Conducted to offer maximum exposure to the nesting and breeding-plumaged birds of arctic Alaska.

- Gray-headed Chickadee • Wheatear • Gyrfalcon • Smith's Longspur • Snow Bunting
- Yellow Wagtail • Possible Bluethroat • Breeding - plumaged shorebirds galore! • And more

Adjacent to the Gates of the Arctic National Park and via the North Slope haul road, each tour bisects the Brooks Range crossing two major ecosystems and transitional zones from the timbered South Slope, through the northernmost tree line, over the Arctic Continental Divide, across the coastal tundra, and to the Arctic Ocean's tidewater.

Alaska's most remote wildlife seen regularly: Dall sheep, grizzly bears, caribou, wolves . . . The finest in wilderness lodging and accommodations.

Group size limited to 10 and each tour accompanied by a recognized Alaskan bird leader. Ten days from Fairbanks approx. \$1500.

Enter the world of Questers nature tours.

When you travel with Questers, you have the advantage of our knowledge of the travel world. And our experience of the natural world. We are travel professionals. And our only tour program is Worldwide Nature Tours.

Under the leadership of an accompanying naturalist, we search out the plants and animals, birds and flowers...rain forests, mountains, and tundra...seashores, lakes, and swamps of the regions we explore. At the same time, we include the more usual attractions in touring—the cities, archaeological sites, and people.

The current Directory of Worldwide Nature Tours describes 29 tours varying from 9 to 36 days and going to virtually every part of the world. Included are The Amazon, Peru, Patagonia, Galapagos, Hawaii, Alaska, Death Valley, Everglades, Ladakh, Sri Lanka, Iceland, Scotland, Greece, Australia, and New Zealand. Tour parties are small, the pace leisurely, and itineraries unusual.

Call or write Questers or see your Travel Agent today for your free copy of the Directory of Worldwide Nature Tours.
