World Bird Species Checklist: with alternative English and scientific names

M. G. Wells

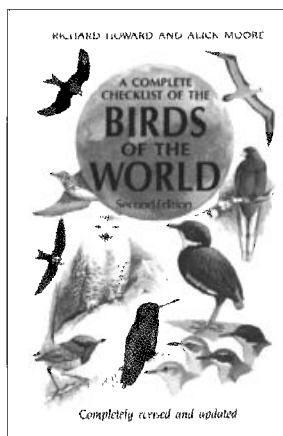

Item #1046, ABA Sales Price \$52.95

One of the most frustrating things for the traveling birder who uses more than one field guide or checklist is the plethora of English names for species. The author has researched all major field guides, checklists, and ornithological literature for synonymous English (27,000), scientific (18,000) names, as well as splits and lumps. Check boxes are provided for maintaining life records.

A Complete Checklist of the Birds of the World, 2nd Edition

Richard Howard and Alick Moore
Item #1036, ABA Sales Price \$44.95

This reference work style checklist differs from others in that it designates all of the subspecies of the birds of the world, as well as the geographical breeding location of each.

Identification Guide to North American Birds

Peter Pyle

Item #981, ABA Sales Price \$39.95

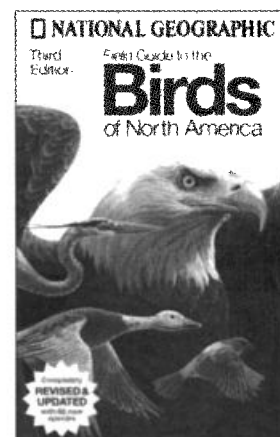

The text gives detailed information on identifying, aging, and sexing 395 species from doves to house sparrows in-the-hand, and on plumage and molt limits.

Field Guide to the Birds of North America, 3rd Edition

National Geographic Society

Item #013-3, ABA Sales Price \$16.80

This third edition is the most up-to-date on the market with a thorough revision of all text, maps, and art in the guide. The *Field Guide to the Birds of North America* includes more than 800 bird species with 60 new species recently classified by the American Ornithologists Union. (Due April, 1999)

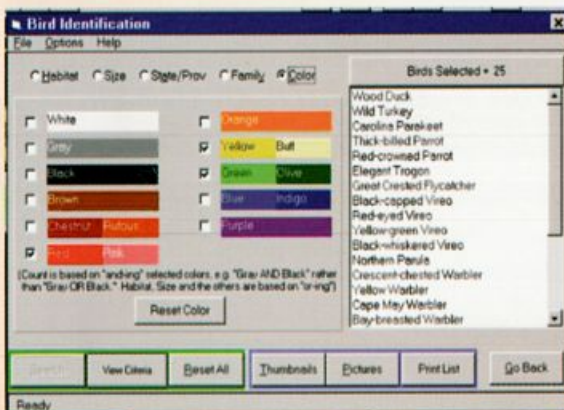

A.O.U. Checklist of North American Birds, 7th Edition

American Ornithologists Union

Item #028-7, ABA Sales Price \$49.95

The long-awaited Seventh Edition of the "official" list of North American avifauna covers all the birds from Panama north to the Bering Sea. This volume lists 2,008 species, incorporating all changes previously published in the supplements to the Sixth Edition.

The Best Just Got Better (Way Better!)

“Thayer Birding Software offers the highest fidelity bird songs found on any CD-ROM project.”

-Greg Budney, Curator, Library of Natural Sounds, Cornell Laboratory of Ornithology

The reviews are in! Thayer's *Birds of North America* is the **Best CD-ROM for birders**. Top quality songs and superb color photos make an unbeatable combination. Finding a bird is a snap — even if you don't know its name. Over 250 quizzes help you progress from beginner to expert. Use the abundance maps to plan your next birding trip. Watch 121 video clips of individual birds. Play the Avian Jukebox as you work on your computer!

And now it is even better. Version 2.5 adds dozens of new features plus 300 new photos to *Birds of North America*.

- Make your own screen savers. Select any of the 3000 photos on this CD-ROM including hundreds of colorful birds of the world.
- Make your own quizzes using any of 925 species.
- Play Beat-the-Clock and Video quizzes, great for club meetings!
- Build your own “playlist” with the expanded Avian Jukebox.
- Enter song descriptions to help identify a bird.
- Use the new plumage ID descriptions to separate similar species.
- Enlarge photos to fill the entire screen.
- Recall favorite birds using multiple bookmarks.

Once you see and identify a bird, record your sighting with **Birder's Diary**. Simply select a date and location and tell the computer which birds you saw. *Birder's Diary* does the rest! Create hundreds of lists and reports at the touch of a button. Organize your past sightings. Keep accurate records for future research. Use the **free US Mapping CD-ROM** to record the exact spot you saw that eagle's nest. Visit our web site at www.birding.com for free annual updates. *Birder's Diary* converts your *AviSys* and *BirdBase* sightings quickly and easily.

We are pleased to announce that *Birder's Diary* Version 2.5 now includes the entire text of Dr. Charles G. Sibley's classic reference work *Distribution and Taxonomy of Birds of the World*.

(CD-ROM for Windows • Pentium Processor Recommended)
