## Elite® Bino

*coolestnewus binoculusis*

Height: 5.5"; Width: 5"; Weight: 23.0 oz.

Newly discovered species. Widespread among the most demanding birders. Unmistakable: Lens and prism surfaces fully multi-coated with XTR™ – an exclusive new compound that delivers outstanding color fidelity and extraordinary brightness. High-barium BaK 4 phase-corrected roof prisms also distinctive. Known also for an outstanding ability to resist scratches and scrapes with rubber-armored chassis and electrostatic powder coating. Body always black with platinum color banding. Many specific characteristics set it apart from others similar in appearance, including: O-ring sealed waterproof/dustproof/fogproof, hydrophobic construction, Rainguard® exterior lens coating and handsome, lightweight magnesium chassis. Also identifiable by locking center diopter adjustment knob. Voice: Song, a repeated series of clear, sweet whistled phrases, "Oooh, I love my new Elite binoculars."

JUVENILE  
8x43 in size

Identical to adults;  
except in magnification

ADULT  
10x43 in size
