

Table of Contents

Volume 7, North American Bird Bander

Number 1 — Jan-Mar

Capturing birds with mist nets: A review by <i>Brian E. Keyes and Christian E. Grue</i>	2
On the use of electrical conduit for mist net poles by <i>Jerome A. Jackson and Bette J. Schardien</i>	15
Another mist net pole variation by <i>Carl Trichka and Dennis Varza</i>	16
Poor-wills nesting in southwestern Oregon: A sequel by <i>Otis Swisher</i>	18
Some factors influencing feeder selection by Black-capped Chickadees and Red-breasted Nuthatches by <i>Robert P. Yunick</i>	20
A case for storage and transportation of mist net poles by <i>James W. Parker</i>	24
A fecundity record in the Tree Swallow by <i>Peter Dring</i>	25

I.B.B.A. Partnership, 1; Bird Banding Techniques Workshop, Summer Field Seminars at Yosemite National Park, North American Loon Fund Grants, Marked White Ibises, 26; Reflection on my beginnings by *Regina M. VanScoy*, Marked Laughing Gulls, 27; Rehabilitation, Marked Snow Geese, 28; Book Reviews: Where to Find Birds in New York State, Bird Island in Antarctic Waters, 29; Recent Literature, 30; E.B.B.A. President's Message, In Memorium—*Charles H. Blake*, 33; AFR: Region I, 34; Pine Siskins — 1982, 37; I.B.B.A. President's Message, 39; W.B.B.A. President's Message, Notes on the History of W.B.B.A., 41; Worksheets for western birds, Life Member — *W.B. Quay*, 42; Banders' Marketplace, 43.

Number 2 — Apr-Jun

An inexpensive trap for capturing flightless Canada Geese by <i>Anthony Nastase</i>	47
A holding box for birds by <i>Robert C. Tweit</i>	49
Improved trapping methods for Loggerhead Shrikes by <i>Alan Kridelbaugh</i>	50
To catch a woodpecker by <i>Thomas Mutchler</i>	51
A simple, effective water drip by <i>Edith Andrews</i>	52
Net poles and connectors by <i>Robert Pantle</i>	52
Powdermill Nature Reserve — 1980 recoveries by <i>Robert Leberman</i>	53

Longevity record for the Black Skimmer, Research Grants, E.B.B.A. and W.B.B.A. Memorial Grants, 54; American Golden Plover Project, Homing (Pigeons), 55; Recent Literature, 56; Book Review: Diets for Birds in Captivity, 59; E.B.B.A. President's Message, Honorary Members of E.B.B.A., 61; AFR: Region IV, 62; E.B.B.A.-N.E.B.B.A. Joint Annual Meeting, 66; Central Flyway Review Introduction, 69; W.B.B.A. President's Message, 71; Worksheets for western birds, 71; W.B.B.A. Annual Report, 72; Summary report of individual banders, 80; Commentary on the 1981 Annual Report, 85; Banders' Marketplace, 87.

Number 3 — Jul-Sep

Capturing woodpecker nestlings with a noose — A technique and its limitations by <i>Jerome A. Jackson</i>	90
Iris changes in hatching year Yellow-eyed Juncos by <i>Donald W. Lamm and John C. Luepke</i>	93
Analysis of Florida-related banding data for the American Kestrel by <i>James M. Layne</i>	94
A survey of the use of banding in education by <i>Katherine Anderson and Mark Spreyer</i>	100
Tree-nesting raptors in Nevada by <i>Michael W. Perkins</i>	105
Migration of Blue Jays in Eastern North America by <i>Paul A. Stewart</i>	107

Request for information — Color-marked Common Terns, Color-marked raptors, Distribution of the Ruby-crowned Kinglet in winter, Black-capped Chickadee encounter, Correction — Peregrine Falcon encounter, 113; Turkey Vulture Study Project, San Francisco Bay Bird Observatory, 114; Dark-eyed Junco X White-throated Sparrow, 115; XIX Congressus Internationalis, Burrowing Owl color-marking request-for-information, Living Bird Quarterly, 116; Earthwatch Expeditions, 117; Book Reviews: *Birds at Risk*, *Freshwater Marshes*, 118; Recent Literature, 120; E.B.B.A. President's Message, Mid-Atlantic Bird-Banding Group workshops, 125; AFR: Region II, 126; E.B.B.A. History, 129; I.B.B.A. President's Message, Student Awards, 131; W.B.B.A. President's Message, Worksheets for western birds, 133; W.B.B.A. Annual Meeting, 134; Banders' Marketplace, 135.

Number 4 — Oct-Dec

Sexual differences in the tail barring of Spotted Owls by <i>Cameron W. Barrows, Peter H. Bloom, and Charles T. Collins</i>	138
Breeding biology of a Pennsylvania Tree Swallow Colony: Effects of the parasitic blowfly on growth rates by <i>John J. Stahura</i>	140
Notes on the banding of Emberizidae: Parulinae Seiurus species in southeastern Arizona by <i>Philip M. Walters</i>	145
Weight, fat class, and wing measurement of Gray Catbirds during migration by <i>Kenneth W. Prescott</i>	148
Relative effectiveness of trapping-banding vs. visual observation in a Winter Bird Population Study by <i>Robert C. Tweit and Joan C. Tweit</i>	150
Atlantic Flyway waterfowl banding by <i>Fred Hartman</i>	152
Longevity and fecundity records in the Tree Swallow by <i>David J.T. Hussell</i>	154
The Laughing Gull on the eastern shores of Maryland and Virginia by <i>John H. Buckalew</i>	155
Wandering Chimney Swifts by <i>Ralph W. Dexter</i>	156

Bird Migration: A bird-banding workshop, 158; Saw-whet Owl color-marking, 158; Color-marking Great Black-backed Gulls, 158; A new information system for raptors, 158; Recent Literature, 159; Book Reviews, 163; E.B.B.A.'s President's Message, 165; Rehabilitated gull returns, 165; AFR Region III, 166; E.B.B.A.'s History, 169; I.B.B.A./N.N.B.A. Joint Annual Meeting, 171; Central Flyway Review: Spring 1982; W.B.B.A.'s President's message, 177; Worksheets for western birds, 177; Significant encounters with banded birds, 178; Banders' Marketplace, 179; Suggestions to authors, inside back cover.

Suggestions to authors

Manuscripts should be submitted in duplicate and should be typed double-spaced (including tables and tabulations of literature or of band numbers), on one side of 8½ × 11" bond paper. Margins should be one inch all around.

Tables and figures should be on separate sheets, one per page. Tables should be kept to a minimum. Drawings must be on durable paper, executed in india ink, with no shading. All lettering on figures should be executed with a lettering guide or — preferably — marked, on a separate page, for typesetting.

Photographs should be sharp and of good contrast. Glossy black and white, or color, prints are accepted; slides are not. More than 4 or 5 photos per article are not preferred.

When using information about birds banded by someone other than yourself, please acquaint yourself with the Policy on Release of Banding and/or Band Recovery Data, issued by the Bird Banding Laboratory.

Generally, papers longer than 15 pages, double-spaced, are considered too long. Style and form contained in the CBA Style Manual, Third Ed. (1972) is followed; vernacular bird names are taken from the A.O.U. Checklist, Sixth Ed. (1983).

Reprints are available at the author's expense; minimum order is 100, and a rate schedule can be obtained from the publisher, Eldon Publishing, P.O. Box 446, Cave Creek, AZ 85331. Extra copies of issues can be purchased at \$2.00 each from the treasurer of your association.

Table of Contents

Articles

- 2** Dispersal of Nantucket birds
John V. Dennis
- 6** Yellow birds stand out in a crowd
Colleen M. Handel and Robert E. Gill, Jr.
- 10** Calibrated multi-tiered feeding stands for optimal
visibility of leg bands
W.B. Quay
- 11** Overnight weight loss in Cedar Waxwings
Kendrick Y. Hodgdon
- 12** Incidence of crossed bills in Inca Doves
*Robert C. Tweit, Kay B. Burk, Stephen M. Russell,
Jolan B. Truan II, & Philip M. Walters*
- 13** Notes on the mist-netting of seven Elf Owls
(*Micrathene whitneyi*) and two Western Screech-Owls
(*Otus kennicotti*) on 15 July 1982
Philip M. Walters
- 14** Pine Siskins: Spring of 1982
Nadia M. Mutchler
- 17** More on Pine Siskins
Howard R. Spindelov

Departments

- 19** News, notes, comments
- 22** Recent literature
- 25** Books
- 28** Eastern Regional News
- 30** Atlantic Flyway Review: Region V
- 36** Inland Regional News
- 37** Central Flyway Review
- 40** Western Regional News
