Membership

Any person interested in ornithology may become a member of the Neotropical Ornithological Society upon payment of dues. Members of all classes receive ORNITOLOGIA NEOTROPICAL. Membership dues per calendar year are: Students (with verification of student status only): US \$ 15.00; Subscribers from Latin American countries: US \$ 25.00; Subscribers from all other countries: US \$ 35.00; Libraries: US \$ 60.00. ORNITOLOGIA NEOTROPICAL of the current year sent by third class mail. If air mail delivery is required, please add US \$ 20.00 to subscription above. All payments must be to the treasurer in US currency, either by credit card (VISA, MasterCard), or by check or international money order drawn on a US bank.

Art for the cover page is by David Alker (United Kingdom).

NOTICE TO CONTRIBUTORS

ORNITOLOGIA NEOTROPICAL is a refereed journal accepting papers in Spanish, Portuguese and English. Contributions on anatomy, biogeography, ecology, faunistics, and life histories are preferred. All papers submitted shall reflect the results of original research. Colour plates may be included. Page charges are not required for contributors of ORNITOLOGIA NEOTROPICAL, but compensations for printing expenses will be appreciated.

All persons interested in publishing in ORNITOLOGIA NEOTROPICAL are welcome and kindly asked to send their manuscripts to Raymond McNeil, Département de Sciences biologiques, Université de Montréal, C.P. 6128, Succ. "Centre-ville", Montreal, Québec, Canada H3C 3J7. Fax: 1-514-343-2293; **E-mail: mcneilr@ere.umontreal.ca.**

MANUSCRIPTS

Potential authors are invited to request additional detailed instructions from the editor by e-mail. Manuscripts intended for publication in ORNITOLOGIA NEOTROPICAL should be submitted in triplicate. Type the text, tables, legends and references double-spaced on one side of letter size (216 x 279 mm or similar), good quality bond paper with at least 25 mm margins. Avoid footnotes. Provide a concise title, and an abridged title for a running head. Avoid using tables as much as possible, using text or illustrations where possible. Put each table on a separate unnumbered page. Legends for all figures and tables should be typed on a separate unnumbered page. Material in the tables or graphs should not be repeated in the text. Write mathematical formulas on one line, where possible.

All major papers should have an abstract in English and another one in Spanish or Portuguese, designed to acquaint readers with the essential points in the text. It should contain no more than 300 words and should be suitable for the use of abstracting services. In addition, no more than 10 key words should be provided at the end of the abstract. Manuscripts intended to be "Short Communications" should be 6 typed pages or less, not including figures and tables. They require key words but no abstract; otherwise they are organized the same as major articles. Use the metric system in text, figures and tables. Designate clock time in the 24-h system and write it as 06:30 or 20:00. Use the European system of calendar notation (e.g., 4 December 1987).

All illustrative material should be arranged in the form of figures, each with an arabic number. Line drawings, e.g., graphs, maps, drawings, should be designed for reduction by at least one-half. Try to plan illustrations for a single column. Use mechanical lettering devices or adhesive transfer letters. Typewriter or dot-matrix printing is not acceptable. Include a key to symbols in the illustration unless the symbols can be described in the legend. Photographs must be sharp and of good contrast showing details in important areas. Prints from monochrome (black-and-white) film are preferred. Photographs and paintings can be published in colour; ask the Managing Editor for details. Write the author's name and the figure number on the back of each photograph using a soft pencil, and never a ballpoint pen. Use a protective overlay for photographs submitted.

Make sure that all citations in the text are listed at the end of the paper, and that all papers listed have been cited. In-text citations of publications by three or more authors should be in the form "Buckley *et al.*" Consult a recent issue of ORNITOLOGIA NEOTROPICAL for details of citations. For general matters of English style, please consult the "CBE Style Manual", 1983, 5th edition, Council of Biology Editors, Inc., 9650 Rockville Pike, Bethesda, MD, 20814, U.S.A.

Proofs and typescript will normally be sent to the senior author. Please inform the Editor well in advance of any change in address or system for handling proofs. Check proofs carefully against typescript for errors. Corrections will be made without charge but author revision of proofs, not due to printer's errors, will be charged to the author at US \$ 5.00 per revision line. Return proofs and typescript to the Editor within one week after receipt. Order reprints when returning proofs. Authors receive 30 reprints of major articles or short communications free of charge.

ORNITOLOGIA NEOTROPICAL is printed on acid-free paper.
