SOUTHERN CALIFORNIA BREEDING BIRD ATLAS PROJECT

A breeding bird atlas project is being organized in southern California to run during the 1985-89 breeding seasons. We are trying to notify all birders in the region to inform them of the project's existence and to enlist their aid in surveying blocks.

We are also searching for a project director. This person will have the day to day responsibility of running the project. The main duty will be the coordination of the activities of hundreds of field volunteers. Other responsibilities will be the publishing of a newsletter, the organization of volunteer training sessions and some analysis of data. Qualifications include an ability to communicate well, experience in making decisions and meeting deadlines, and an intention to remain in southern California for 5 years. Being an expert birder is not a requirement, though having an interest and enthusiasm in birding is. A stipend will be available.

If the excitement and responsibility of this position interest you, please contact Fred Heath at 10025 DeSoto, Apt. 142, Chatsworth, California 91311. He will send you the full particulars.

WESTERN FIELD ORNITHOLOGISTS ANNUAL MEETING

2-5 May 1985, Palms Springs Desert Museum, Palm Springs, California

Mark your calendars now! Details of meeting—to include a paper session, banquet and field trips to the Salton Sea, Morongo Valley, San Jacinto Mountains, Lake Mathews and Joshua Tree National Monument—will be given in the next issue of *Western Birds*.

WFO Vagrant Tree Poster

A striking black and white poster by Narca Moore-Craig depicts 27 species of known or potential vagrants to Western North America. To order send \$10.00 plus \$1.00 for postage and handling to Ginger Johnson, 4637 Del Mar Ave., San Diego, CA 92107. Calif. residents please add 6% sales tax. Make checks payable to Western Field Ornithologists. All proceeds go to WFO.
