

WESTERN BIRDS

Vol. 34, No. 3, 2003

Western Specialty: Hermit Warbler

Photo by © Dave Furseth of Murrieta, California: Hermit Warbler (*Dendroica occidentalis*) San Diego, California, May 2001.

Volume 34, Number 3, 2003

Report of the Alaska Checklist Committee, 1997–2002 <i>Daniel D. Gibson, Steven C. Heinl, and Theodore G. Tobish Jr.</i> ..	122
1994–1997 Water Bird Surveys of Lake Powell; a Large Oligotrophic Reservoir on the Colorado River, Utah and Arizona <i>John R. Spence and Benny R. Bobowski</i>	133
Forest Owls Detected in the Central Sierra Nevada <i>Michelle L. Crozier, Mark E. Seamans, and R. J. Gutiérrez</i>	149
Specimen Record of a Long-billed Murrelet from Eastern Washington, with Notes on Plumage and Morphometric Differences between Long-billed and Marbled Murrelets <i>Christopher W. Thompson, Kevin J. Pullen, Richard E. Johnson, and Eric B. Cummins</i>	157
NOTES	
California Quail Lays Egg in Wild Turkey Nest <i>Alan H. Krakauer</i> ..	169
Ruddy Ground-Dove Breeding in California <i>Guy McCaskie</i>	171
Extension of the Northernmost Breeding Range of the White-collared Swift in Western Mexico <i>Eduardo Santana C., José Carrillo Ortiz, and Alfredo Aragón Cruz</i>	173
Nesting of Western Gulls in Bahía de Santa María-La Reforma, Sinaloa, Mexico <i>Marco Antonio González-Bernal, Xicoténcatl Vega, and Eric Mellink</i>	175
Book Review <i>Richard C. Hoyer</i>	178
Featured Photo <i>Peter Gaede</i>	182

Front cover photo by © Bill Hill of Carmel, California: Crested Caracara (*Caracara cheriway*), Marina, California, 11 August 2002. The recent extralimital sightings of this species have led to re-examination of the question of natural vagrancy vs. escape from captivity.

Back cover “Featured Photo” © by Peter Gaede of Carpinteria, California: Flammulated Owl (*Otus flammeolus*), Sublett Mountains, Cassia County, Idaho, July 1992.

Western Birds solicits papers that are both useful to and understandable by amateur field ornithologists and also contribute significantly to scientific literature. The journal welcomes contributions from both professionals and amateurs. Appropriate topics include distribution, migration, status, identification, geographic variation, conservation, behavior, ecology, population dynamics, habitat requirements, the effects of pollution, and techniques for censusing, sound recording, and photographing birds in the field. Papers of general interest will be considered regardless of their geographic origin, but particularly desired are reports of studies done in or bearing on the Rocky Mountain and Pacific states and provinces, including Alaska and Hawaii, western Texas, northwestern Mexico, and the northeastern Pacific Ocean.

Send manuscripts to Kathy Molina, Section of Ornithology, Natural History Museum of Los Angeles County, 900 Exposition Blvd., Los Angeles, CA 90007. For matters of style consult the Suggestions to *Contributors to Western Birds* (8 pages available at www.wfo-cbr.org/journal.html) and the *Scientific Style and Format: The CBE Manual for Authors, Editors, and Publishers* (available for \$60 from Cambridge University Press at 1-800-872-7423).

Reprints can be ordered at author's expense from the Editor when proof is returned or earlier.

Good photographs of rare and unusual birds, unaccompanied by an article but with caption including species, date, locality and other pertinent information, are wanted for publication in *Western Birds*. Submit photos and captions to Photo Editor. Also needed are black and white pen and ink drawings of western birds. Please send these, with captions, to Graphics Manager.
