

Rare Birds of California now available!

Price \$54.00 for WFO members, \$59.99 for nonmembers

Scientific, artistic, and inspirational, this 600-page book synthesizes the work of the California Bird Records Committee from 1970 through 2006, putting every vagrant to California in its geographical and historical context. It is generously illustrated with color and black and white photography, including the best photographs ever taken in California of rare birds. Maps and charts depict spatial and temporal distributions, and the interpretive text adds value far beyond the lists of records. *Rare Birds of California* can be sitting in your library within a few short days! A discount of 10% is available on every copy sold to a WFO member or for every order of ten books or more. Shipping and handling are an additional \$6.00 per copy. California sales tax is 8.25% per copy. Including tax, shipping, and handling, the total amount per copy is \$64.46 for members or \$70.95 for nonmembers.
