## **EDITORIAL**

Under present conditions it seems to be impossible to prevent the mailing of a few Bulletins that are in some way defective. We can only express our regret and ask that Members let us replace them with perfect copies. If Members will return the defective copies to the Editor, it will help him to learn just what errors have been made and to take steps to prevent their repetition.

We are glad to have Members send in duplicate copies or copies of the *Bulletin* that they no longer need. We can usually put such copies to good use, especially now that we need to replace sets of the *Bulletin* in war-damaged European libraries. However, only in the case of rare numbers is the Club justified in buying copies or exchanging others for them. The only rare numbers among those published in the last twenty years are those for March 1930 and for March 1941. Members will do the Club a great service by sending in any spare copies of these two issues.

A "Book Purchase Fund" has been started by Members interested in providing for the purchase of books, especially new books, for the Wilson Ornithological Club Library. The money already received makes possible the purchase of several of the books in greatest demand. Members who wish to make contributions, however small, to this Fund should send their gifts to the Club's Treasurer.
