Margaret M. Nice—5 reprints	Harriet B. Woolfenden—2 books

THE MEMBERSHIP COMMITTEE

The Membership Committee listed below consists largely of members from the general region of the annual meeting. Your chairman has found it profitable to emphasize the recruiting of new members each year in a different area, that of the annual meeting. We still expect each member to be alert in helping to build our membership. As a means of bolstering individual effort, the Treasurer mailed with the dues notices an application form rather than a nomination form. However, any of the members of the committee listed here will be happy to receive nominations.
