

JOSELYN VAN TYNE MEMORIAL LIBRARY

BOOKS: List B-7

The following supplementary list includes books new to the library since December, 1962, when List B-6 (*Wilson Bulletin*, 74:428-432) appeared. Reprints of this and earlier supplements are available to members from the Josselyn Van Tyne Memorial Library, Museum of Zoology, The University of Michigan, Ann Arbor, Michigan.

Incorporation of further increments of the library of the late Josselyn Van Tyne, the gift of Mrs. Van Tyne, accounts for a very substantial number of these recent additions. In addition to those books received as gifts from other members, many have been purchased outright through the New Book Fund. This fund, despite increased use, is still being maintained at satisfactory levels by sale of duplicates and by continued member contributions.
