

LIST OF BOOKS IN THE JOSSELYN VAN TYNE MEMORIAL LIBRARY, THE WILSON ORNITHOLOGICAL SOCIETY

The books and monographs in the Library are catalogued and shelved by the University of Michigan Library and are housed in the Museum of Zoology Bird Division's library room. Except for a few rare items which are non-circulating, the books (like serials, reprints, and records) are mailed out on request to members of the Society in the U.S. and Canada. The University pays postage one way and the borrower pays the return. Members should send inquiries to the Library. When a book is needed, please send a complete citation and any special notes, such as particular editions required.

These volumes have been donated by members, received on exchange, or purchased by the Library. Any donations, especially of books not on the list, or contributions to the new book fund will be gratefully received and acknowledged.

Following is a list of the books, monographs, and separately catalogued items currently in the Josselyn Van Tyne Memorial Library. Books are listed alphabetically by author or editor. Multiple editions are indicated by dates. Multiple copies of any edition are not noted. A complete list of books was last published in 1952, and the last supplement in 1965. For a list of currently received serial publications, see Wilson Bulletin 1978, Vol. 90, No. 4, pp. 673-678.

Sincere appreciation goes to Linda Lutz and Betsy Johns for compiling and typing the list.

JANET HINSHAW, *Librarian, Wilson Ornithological Society, Museum of Zoology, University of Michigan, Ann Arbor, Michigan 48109. Telephone 313-764-0457.*
